-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --
Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Specification

Applicant is reminded of the proper language and format for an abstract of the disclosure.

The abstract should be in narrative form and generally limited to a single paragraph on a separate sheet within the range of 50 to 150 words. It is important that the abstract not exceed 150 words in length since the space provided for the abstract on the computer tape used by the printer is limited. The form and legal phraseology often used in patent claims, such as "means" and "said," should be avoided. The abstract should describe the disclosure sufficiently to assist readers in deciding whether there is a need for consulting the full patent text for details.

The language should be clear and concise and should not repeat information given in the title. It should avoid using phrases which can be implied, such as, "The disclosure concerns," "The disclosure defined by this invention," "The disclosure describes," etc.

1. The abstract of the disclosure is objected to because it includes legal phraseology such as the term "means". Correction is required. See MPEP § 608.01(b).

Claim Objections

2. Claims 23, 39 and 41 are objected to because of the following informalities:

In claim 23, line 2, the phrase "returns the rearmost one" should be replaced by --returns a rearmost one--.

In claim 39, on line 2, "5" should be deleted from the end of the claim.

Appropriate corrections are required.

In claim 41, lines 7 and 9, the phrase "means returning" should be replaced by --means for returning--.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claim 24 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In particular, it is not readily apparent what the applicant means by the phrase, "arresting means". Does applicant intend to disclose a means for stopping the motion of the foot pedal from going forward or beyond the forward step-down position?

Response to Arguments

4. Applicant's arguments, see Page 6-8 filed December 28, 2009, with respect to claims 22, 23, 37 and 41 have been fully considered and are persuasive. The 102(b) rejections of claims 22, 23, 27, 37 and 41 have been withdrawn.

5. Applicant's arguments, see Pages 8-10 filed December 28, 2009, with respect to claims 26 and 36 have been fully considered and are persuasive. The 103(a) rejections of claims 26 and 36 have been withdrawn.

Allowable Subject Matter

6. Claims 22, 26, 36, 37 and 41 are allowed.

7. Claims 23, 39 and 41 are also allowed pending minor corrections to formal matters as disclosed above.

8. Since independent claim 22 is now allowable, previously restricted claims 24, 25, 28-35, 38 and 40 have been rejoined and considered.

Conclusion

9. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Please see attached form PTO-892.

10. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
